26. (Unclassified - ELS) LIAISON I talked to Jim Bush, on the staff of the House Permanent Select Committee on Intelligence, about their moving the Director's NFIP overview from 11 February to 17 February. Jim said that 11 February is a House District work day and that Representative Bill Burlison (D., Mo.) did not want the Director to take the trouble to come down and not have an audience. The best alternative day for the members is February 17. This has now been confirmed.

27. (Unclassified - ELS) HEARING Talked to Guy McConnell, on the staff of the Senate Appropriations Committee, about the two half-day sessions the Committee has requested. What Guy had in mind was having the Director come up on the morning of the 2nd of March for the 1979 NFIP overview, and having the afternoon of 3 March for the Agency hearing. McConnell says it is not necessary for the Director to attend the CIA presentation.

28. (Unclassified - ELS) LIAISON Bill Ashworth, staff of the Senate Foreign Relations Committee, called and requested a copy of the memo titled "Prospects for Further Proliferation of Nuclear Weapons." It is being forwarded.

30. (Unclassified - ELS) LIAISON Jim Fellenbaum, Senate Appropriations Committee staff, commented that Senator Warren G. Magnuson (D., Wash.), new Chairman of the Committee, may decide to reorganize the way in which the Committee handles intelligence. At present the Subcommittee on Defense has been responsible for oversight of intelligence. Since the Chairman of the full committee was also Chairman of the Defense Subcommittee, there was a strong leadership link. Now Senator Magnuson is Chairman of the full committee but does not intend to take the Defense Subcommittee, preferring to keep his old Subcommittee on Labor, Health, Education and Welfare. Nevertheless, he has expressed an interest in intelligence and may decide to chair oversight of intelligence himself.
